

Dear Parents/Guardians

We will offer free tutoring sessions in Math and ELA/Reading starting September 18th. Teachers will use various instructional tools to work on the gaps and monitor the progress throughout the program. These sessions are not meant for one-on-one tutoring; however, class sizes will not exceed 15. Therefore, teachers can spend more time with each student than in the classroom setting. If you want individual help, we are partnered with FEV tutoring, which offers virtual sessions in each content area. All you have to do is type FEV in the search button on Clever and schedule your sessions as they fit your agenda. If you would like your student to attend the in-person Sanford Middle School tutorial program, please remember the following expectations throughout the tutoring.

1. Students must be engaged and serious about receiving the support.
2. Adhere to school and classroom rules and expectations. Any disruptive student will be removed from the session.
3. Arrive at the tutorial on time (am sessions) and be picked up promptly after the tutorial ends (pm sessions).

Students who do not meet the minimum expectations stated above and/or have 3 consecutive absences will be removed from the tutorial. Please click on the link below to see the options and sign up for the sessions. You may sign up for as many sessions as you wish.
